

UROLOGY CARE

Urology Care Foundation Caregiver Podcast Series

Urology Care Foundation, in partnership with Pfizer and Astellas, is proud to announce a new podcast series geared toward helping give support to prostate cancer caregivers. The goal of this “Prostate Cancer Caregiver Podcast Series” is to help others connect with a diverse group of people who have felt the impact of prostate cancer in their lives and empower them on their journey.

These podcasts allow people to listen to six unique stories—each focusing on prostate cancer topics from the views of caregivers. Listeners may reflect on how these stories may relate to their own lives.
